NOTE: This document is not an installation guideline. Tuff Industries Inc. will not be responsible for the improper use or installation of Tufdek™ products.

NOTE: Do not permit contact with pressure treated lumber

NOTE: Do not permit contact with tar or bitumen products

WARNING: Various products can discolor vinyl decking, specifically but not limited to pressure treated lumber and rubber or bitumen based products. Ensure all materials are compatible before leaving them in contact with your new vinyl deck surface.

TUFDEK SUPREME PRODUCT ADVANTAGE

Tufdek™ vinyl membrane is the primary component in a high performing waterproof system. Tufdek™ is engineered for longevity, encompassing a proven and time tested PVC formula with proprietary weft reinforcement and state of the art manufacturing controls to make the best outdoor walking surface on the market. In addition, our proprietary Aqueous Based Inks & Polycarbonate Top Finish make Tufdek™ the strongest, and most fade resistant product for your outdoor waterproofing project. Our Supreme color line was specifically designed to offer a simple, yet elegant look to your outdoor walking areas without detracting from the other exterior finishes.
